

Choose one question from each section of the exhibit to answer.

Gallery #1 *What is a Diamond?*

1. What are some of diamond's unique qualities and properties?
2. What is the difference between colorless and colored diamonds?

Gallery #2 *Deep Within the Earth*

1. Where does diamond form? How does diamond travel to Earth's surface?
2. What are other sources of diamonds?

Gallery #3 *Discovering Diamonds*

1. What is the difference between primary and secondary sources of diamonds?
2. Geographically, where are diamonds found?

Gallery #4 *A Dazzling History*

1. How have we learned about the significance of diamonds in some ancient cultures?
2. When and by whom in history were diamonds thought of in a negative way?

Gallery #5 *The Vault*

1. What are some of the histories of the jewelry pieces on display? Choose two. What jewelry piece in The Vault won the Diamonds: Nature's Miracle Award in 2004? Why is it recognized as being so special?

Gallery #6 *The Four C's*

1. What are the "four C's" by which diamonds are evaluated?
2. How do diamond simulants differ from real diamonds?
3. What are "blood diamonds" or "conflict diamonds"? What practices are in place today to encourage socially just diamond trade?

Gallery #7 *Cutting Edge*

1. What are diamond's primary roles in industry?
2. How is diamond used in technology and industry today?
